INTENSIVE EXPRESS

Why is Intensive Express for you?

- You want to make progress quickly.
- You want a course that combines different ways of teaching and different types of lessons.
- You want a lot of classroom time.

What is Intensive Express?

Intensive Express is a combination of General English with 10 extra lessons a week. In these extra lessons you will focus on subjects such as English in the workplace, media & culture (what's happening in the news and around the world), speaking skills (presentations, discussions, meetings), social English and academic skills.

What is General English?

This course is the standard English course at Language in Group schools.

There are only 4 things you can do with a language – Speak, Listen, Read, Write – and on this English course you will study all of them. You want to move to the next English level and we will help you reach your goals and practise grammar, learn vocabulary and develop confidence.

To help you become a better communicator in English, your teachers will encourage you to speak as much as possible. Each day on a General English course is different and this will keep your motivation level high at all times. One day you might study from your course book and the next work with your classmates on role plays or projects using the internet.

Why is General English for you?

- You want to improve your English and move to the next level.
- You want to become more fluent and confident in English.
- You want to divide your day between studying and free time.

INTENSIVE EXPRESS PLUS

What is Intensive Express Plus?

Intensive Express Plus is a combination of Intensive English with 10 extra One-to-one lessons a week. This means that as well as 22.5 hours a week in group lessons you will also have 7.5 hours where you practise and study just with your teacher.

In the One-to-one lessons you can choose anything to focus on depending on what you think is most important. This may be extra speaking or grammar practice or help with something specific for your job or studies.

Why is Intensive Express Plus for you?

- You want to maximise the time you have available and study all day.
- You have individual language needs that you need help with.
 - You want to make the quickest progress.

What are Cambridge, Trinity and IELTS Exam English courses?

Exam English courses combine General English with practice in the skills and techniques to be successful in Cambridge (FCE, CAE) or IELTS exams.

Cambridge – this is the group of exams which is recognised all over the world and is popular because it shows employers how much English you know. The course will prepare you for all 5 papers in this General English test (speaking, listening, reading, writing, use of English). Students take First Certificate (Upper Intermediate) or Advanced depending on their level.

IELTS – this is the exam which is accepted by universities in most English speaking countries. The course will prepare you for all 4 papers in this Academic English test. All students take the same exam whatever their level is and then receive a score from 0 – 9.

Trinity – Language in Group schools are Trinity exam centres and these graded examinations in spoken English can be arranged for special closed groups on application.

ERASMUS FOR ALL - LEARNING MOBILITY

Language in Group is an EU partner and acts as an Intermediate and Host Organisation. This means you can apply directly for a teacher training course or contact your national EU agency for a language course or Work Experience placement.

What is Work Experience?

Work Experience is your chance to spend time in Ireland or England studying English and doing an unpaid professional or vocational placement in a local company.

This experience can help you learn about yourself and help build your confidence.

If you choose this programme we will ask you to send us your C.V. and a cover letter. We will also assess your level of English and then be able to tell you what type of placement would be available.

Language in Group schools offer two different ways of doing Work Experience. You can work and study at the same time (half the day in school and half the day at work) or you can complete your English course first and then have your work placement.

If you are from outside the EU/EAA, you must have the correct student visa with working rights to take these programmes in the UK or Ireland.

Work Experience can be booked independently or be part of an Erasmus For All programme. We recommend that you take our English for Work as the ideal language course to combine with this programme.
