University Profile

Texas Wesleyan University is a small private university whose focus is on the student's education and personal development. The university is truly student-centered with small classes and faculty who are available and helpful to students. Professors are highly skilled: 84% hold the highest degree in their field.

Faculty and staff provide a strong supportive network to assist students in achieving their goals. The university is accredited by the Southern Association of Colleges and Schools. The mission of the university is to help students achieve their dreams of becoming educated members of the world community.

Campus Culture

Wesleyan is a small school where big things are happening. We have exciting programs, dedicated faculty and an educational philosophy that emphasizes individual excellence and exploration. The campus infrastructure is expanding as new buildings are being completed each year.

The diversity of the university's 2,600 students encourages a global perspective in all students. International students come from 28 countries from around the world and are a successful and important part of the campus community. International Programs assists international students from admission to graduation with everything from practical concerns such as shopping to their academic progress.

Since the university is small, there are many opportunities for international students to participate in university activities. Most international students belong to campus organizations such as the International Club and other social and service clubs. Students may join academic groups such as the national championship Moot Court Debate team.

Several international students belong to our outstanding sports teams: NAIA Division I national champion men's basketball team, NCTTA national champion men's table tennis team, conference champion soccer men's and women's teams, top ranked men's golf team and other sports' teams. In addition, all students can participate in intra-mural, non-collegiate sports including swimming and scuba diving.

Academic Areas

Texas Wesleyan University offers over 25 undergraduate degrees in the Schools of Business, Arts & Sciences, and Education. Six graduate degrees are offered in business, education, counseling and nurse anesthesia. There are also other special programs, and the School of Law offers a Doctor of Jurisprudence. Student Housing

Living on campus is fun and safe. On-campus housing is available year-round, or students may choose to live off-campus. Students preferring to live on campus can choose between two dormitory residence halls or the new apartment-style housing in Wesleyan Village. Students find on-campus housing convenient to classes and activities, and students form many new friendships while there. The International Programs Office offers students living on campus regular shopping and banking trips along with rides to the airport or other necessary trips off campus. Public transportation is also available and convenient.

Location

The campus is located in the accessible and historic Polytechnic Heights just 8 km east of downtown Fort Worth.

- ◆ Safe and friendly campus
- ◆ Small but growing campus
- ◆ Located in Fort Worth, 50 km west of Dallas, Texas
- ◆ Immediate access to a city bus line only 15 minutes from the city center
- ◆ Close to Dallas/Fort Worth International Airport

Fort Worth offers a unique mixture of high culture, historic cowboy culture, and fun entertainment. Downtown and the Cultural District host many cultural activities in a world class opera house, three world known fine art museums, a science museum, botanical gardens, a nationally ranked zoo, and a unique theater in the round. Cowboy culture is alive in five cowboy museums, a log cabin village, and an amphitheater which hosts national rodeos.

The world-famous Stockyards are a living, historical section of town that transports visitors back 100 years in time.

Texas Wesleyan University is giving me the opportunity to have a great education, play Table Tennis for the National Collegiate Champion Team, and being rewarded with an athletic and international academic scholarship for good table tennis achievements and good grades. Besides it is a place to meet new friends and have a great time with them!

Sylvie Ndungu, Burkina Faso, Senegal:

I chose Texas Wesleyan University because first it was the easiest and least expensive school to get in to, and second it's not too big nor too small; just about the perfect size for me.

Joakim Soederbaum, Sweden:

Texas Wesleyan offers me a perfect platform to reach my goals. Campus is small, and the students, professors and faculty soon became a family away from home.

Sarah Wilson, England:

Texas Wesleyan provides a family atmosphere because of its small class sizes and the student-professor relationships. It is especially nice for foreign students as it is easy to make friends and feel comfortable in a new environment.

The faculty at Texas Wesleyan are knowledgeable and helpful. Because it is a small school, the professors know us personally and go to great lengths to help the students understand the materials. As an international student, I always feel welcome. The International Office is really friendly and helpful. They go out of their ways to make the international students feel at home and provide our needs. Overall, it is a good place to study because it is small and personal - which is amazing to me.
